MEMORIES

MR. AND MISS CHS

Rebecca
Moody
And
Kevin Webb

As we hold onto the memories
And all the times that past
We can't forget the friendship
Because that is what made it last.

The hopes we have, like shining gold,
Are worth so much at heart.
Yet we still can't hold back the tears
From this new life we must start.

And through the years we worked so hard
Though it swiftly comes to an end,
We'll live the dreams we hold inside
And happiness we have within.

So please dear God, stay in our hearts
And help us on our way.
Walk with us through the sunshine
But shelter us from the rain.

The years have gone, our time has come
And the memories we hold inside
From the Graduating Class of '93
Our love to Clarksburg High.

... Once upon a time in heaven there was a little angel who wanted to come to earth. He begged & begged the Heavenly Father until the answer was yes.

God said, "It will be hard to become human — you will have a hard time, being born — and, then have to be afflicted all your short days. There will be other persecutions.

And then, when your short contract is completed — I will quickly call you back. There will be no time to say "goodbye," to Mother, Daddy, Felicia, Paula, Lynn, Tuna, Alice, Charles, and friends.

Do you want to give up Heaven, for all that pain? The little angel had his mind set. He would go in spite of all the pain and obstacles and become the little missionary. He would light paths with love wherever he went. The little angel said "I'll be so glad to do it for I am a fighter."

Well the little missionary angel worked quickly as he knew his contract was short & he wished to get the job done on time; right, to please His heavenly Father.

First — he made the biggest decision in life; to follow the steps of Jesus wherever they lead. "Let the redeemed of the Lord say so." And he said so, a little boy, with a big love that reached out & around to sinners and the lonely, forgotten, overlooked people.

Instead of stepping on the down trodden as the world did, this little missionary picked them up, in love and prayers and pointed their eyes toward the "Chief Shepherd" who met needs, and "turned the water into wine."

He didn't tell you he loved you, he showed his love where he went. His light was bright and not hid under the bushel. He did everything the contract called for — "I am come that they might have light." Time was up.

The Father said, "this child finished on time despite of his own afflictions and now he's due home before dark today." He called a conference with His Son & asked for the quickest least painful way to bring him home.

On a beautiful sunny fall-like day in Sept. the call came, right after school. Of course we weren't ready to recognize & accept our loss because, maybe, we couldn't understand how one so young could do so much, so quickly, and leave us alone so suddenly.

He went home & we grieved for ourselves — although the light of his love and life lingered behind. "Blessed are those who die in the Lord, for they rest — and their works do follow them."

"I am come that they might have life, and they that follow me shall never walk in darkness." "I am the resurrection and the life."

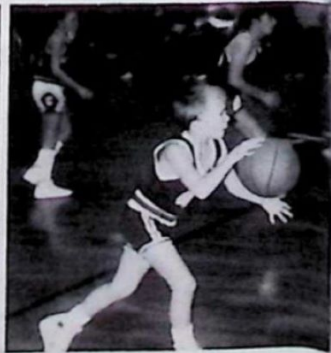

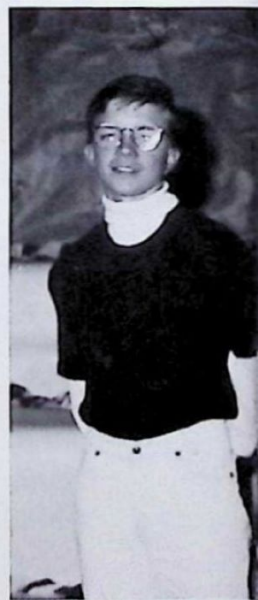

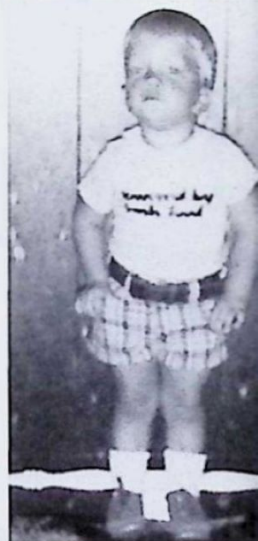

We couldn't say goodbye — so we were encouraged to get up and prepare for a place where people like Jim, live, and live life more abundantly.

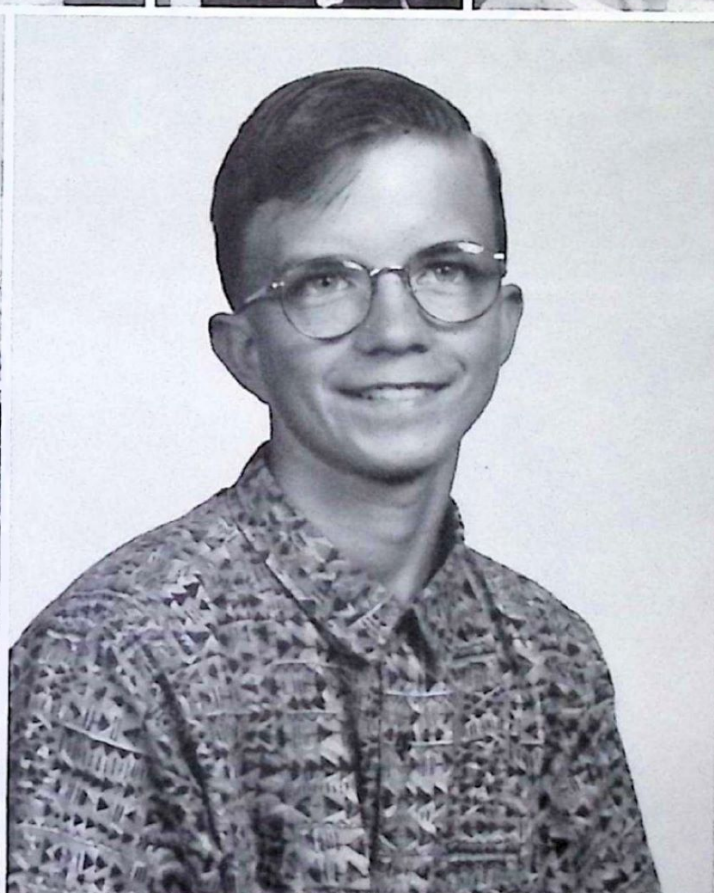

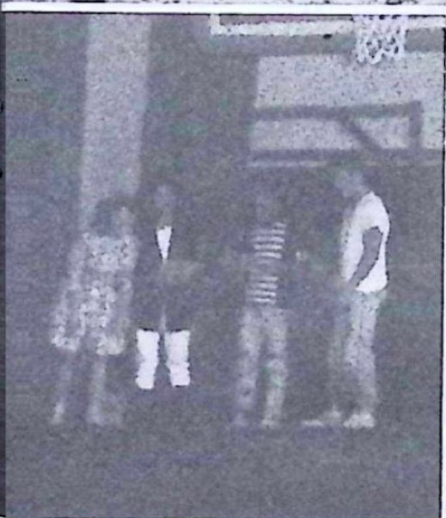

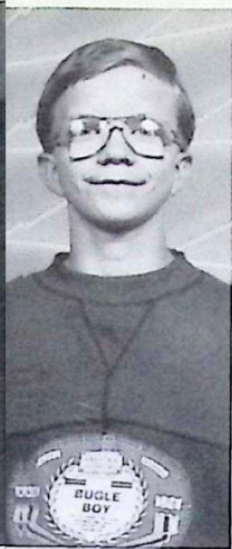

We thank you, Jesus, for loaning us your child for too-short a time. We celebrate his living. His short life lighted up our lives, inspired us to be "doers of the word, not hearers," & to be "workers" for the Lord as the harvest is near, & to tell the world the "good news."

... And Once upon a time on earth there was a boy named Jim, whose life was a living testimony for Jesus. He visited sick, lonely, forgotten people, gave gifts to the sad, and pennies to little ones. He invited people to come to Jesus. He prayed big, He cared big, and He loved big. In 16 years he accomplished what some people never achieve who live, to be 100. To love all, like Jesus — love those unlovable, untouchables out there and touch lives by walking in the steps of Jesus.

... And today our hearts are heavy, our eyes wet — but we would celebrate this life, and thank God for loving us by sending this dear loving child to brighten our days and lighten our hearts. Heaven surely grows sweeter each day.

Precious Memories That Are . . .

... "Out Of This World"

Rafael Blanc and Telja Lammi, foreign exchange students to Clarksburg School for the 1992-93 school year

Among the 389 students attending Clarksburg school this year are two students seeking an education in the "American way of life." Similar interests attracted them to the states and fate placed them in this Carroll County community.

Telja Lammi and Rafael Blanc are both ranked as Juniors at Clarksburg High School. Both wanted to learn about the United States, its people, and cultures through first hand experiences. To accomplish this, both agreed to leave their native land, travel to the U.S., reside with an American family, and attend an American high school.

Sixteen-year-old Telja is from Pori, Finland, a coastal city with a population of 79,000. In the Scandinavian country, she attended a school with some 600-700 students, considerably larger than the 389 K-12th graders that attend Clarksburg. Her father is in the refrigeration business and her mother is a housewife.

Her host family, Jerry and Shirley Boyd, and her fellow students at Clarksburg have been extremely nice, said the Finnish visitor. She is also very proud to be a "host sister" to a new baby at the Boyd home.

Clarksburg is always noted for its outstanding boy's basketball program. Telja said she also participated in the girl's basketball program by practicing with the girls, however, she gave it up because of her busy schedule.

Telja came to Clarksburg under the exchange program known as AISE. With other exchange students, she has visited Disney World and other parts of Florida, and Gatlinburg. She will travel home on June 9, where she will continue her schooling. She hopes to be a photographer and continue her travels. One travel destination sure to be on her list is Clarksburg, to which she said, "I hope to come back some day."

Rafael Blanc just recently began his stay in

Clarksburg, where he saw his first snowfall. His exchange program only involves six months in the states, as compared with most exchange students who spend a school year here. The 18-year-old is from Petropolis, a city of 150,000 inhabitants, located just north of Rio de Janeiro. At home, he attended a school with a population of 2,000 students.

Rafael's family unit consists of his father — a store owner, his mother — a housewife, and two brothers, ages 21 and 23. His native language is Portuguese, however he can speak English and some Spanish. He admits that studying English only three years has made it difficult to understand.

In Tennessee, he resides with Mark and Joyce Cary of Westport. He shares his host home with two younger children, ages 2 and 4.

At Clarksburg, Rafael is taking courses in English, Spanish, Applied Math, Physical Education, Biology, and World History. The Brazilian native said he finds the subjects to be easier here than at home. At his home school, the teachers move from classroom to classroom instead of the students moving. He also noted that students do not have individual lockers at his home school.

He said that his brief experience in Tennessee has revealed many differences from his native land. He said he enjoys soccer at home, but finds it is not available here. Although he likes many things in his new temporary home, he has not developed a liking for country music. He praised the students and his host family for the kindness they have shown him.

Rafael plans to get his Tennessee driver's license before leaving here this summer.

Following high school, Rafael plans to go to college and then become a businessman like his father.

This past summer, a number of hours were spent in the Clarksburg School gymnasium by Bobby's Hardwood Floor Service of Jackson in sanding and varnishing the gym floor. The newest addition however is the rocket at mid court which was painted by former Memphian Austin Cooper, whose son Trae is a seventh grader at the school. Mr. Cooper donated his time and talent to give the floor a distinctive appearance.

Early in the school year, the new floor was dedicated in a special ceremony conducted by high school principal and Coach Joe Dan Wooten. Students and visitors have been careful to walk in stocking feet unless the new carpet, bought by the C.O.P.T., is protecting the surface.

Friends and supporters of Clarksburg School are invited to visit the school and view this artwork during school hours or during attendance at a junior or senior high game. Schedules were printed in the November 25 edition of the Banner.

(Photo at left: Mr. Cooper and son Trae, CJH 7th grader)

Clarksburg senior Craig Williams signed to play basketball at Bethel College this fall.

Williams, a 6'5" center, averaged 18.5 points and 10 rebounds per game for the Rockets. He is a two-time All-District 13-A and Region 7-A pick and was named second team All-West Tennessee, Honorable Mention All-State, and TSWA all-state Team.

Clarksburg coach Joe Dan Wooten believes that Craig going to Bethel will be beneficial to both parties.

"I believe Craig will do well there," says Wooten. "This will be real good for Craig and Bethel College."

Bethel Coach Mike Nienaber agrees.

"Anytime you get a good high school player, you hope it's a two-way deal. Obviously, Craig is a fine player and I'm tickled to death to get him," Nienaber said. "The past two years in the district tournaments held here at Bethel, I feel like he's been the best player both years. During his junior year, I told people that he was the best prospect in the district at that time. I think Craig has potential to be a really great player in this league given time."

Williams will join former Big Sandy standout Shane Jungers and former Clarksburg big man James Boals on the Wildcat team.

According to Nienaber, with the departure of All-Conference post player Pete Angelos plus several others, Craig is going to have a unique opportunity to get in there and contribute as a freshman and possibly become an impact player by his sophomore season.

Clarksburg High School has an attractive new addition sitting on the front lawn.

It's a new lighted sign that was erected in memory of the late Jim Therrell and in honor of his wife, Euva Therrell.

Funds were raised through donations from area citizens with Gayle Kyle and Natelle Waugh serving as chairmen.

Mr. Therrell, who taught agriculture at the school for over 30 years and who was an avid sports fan, died shortly after being stricken by a heart attack during a tournament game. His wife, Euva, served as English teacher at the school for a number of years.

Various events and their times and dates will be placed on the sign.

For the very first time in the history of CHS, students in grades 9-12 were privileged to have golf offered as a TSSAA competitive sport. Mr. Ryan Gray from Covington, Tn., a graduate of Union University and first-year teacher and coach at CHS, was hired as coach. (He also coached JH boy's basketball, HS boy's Baseball, and taught JH and HS history and psychology).

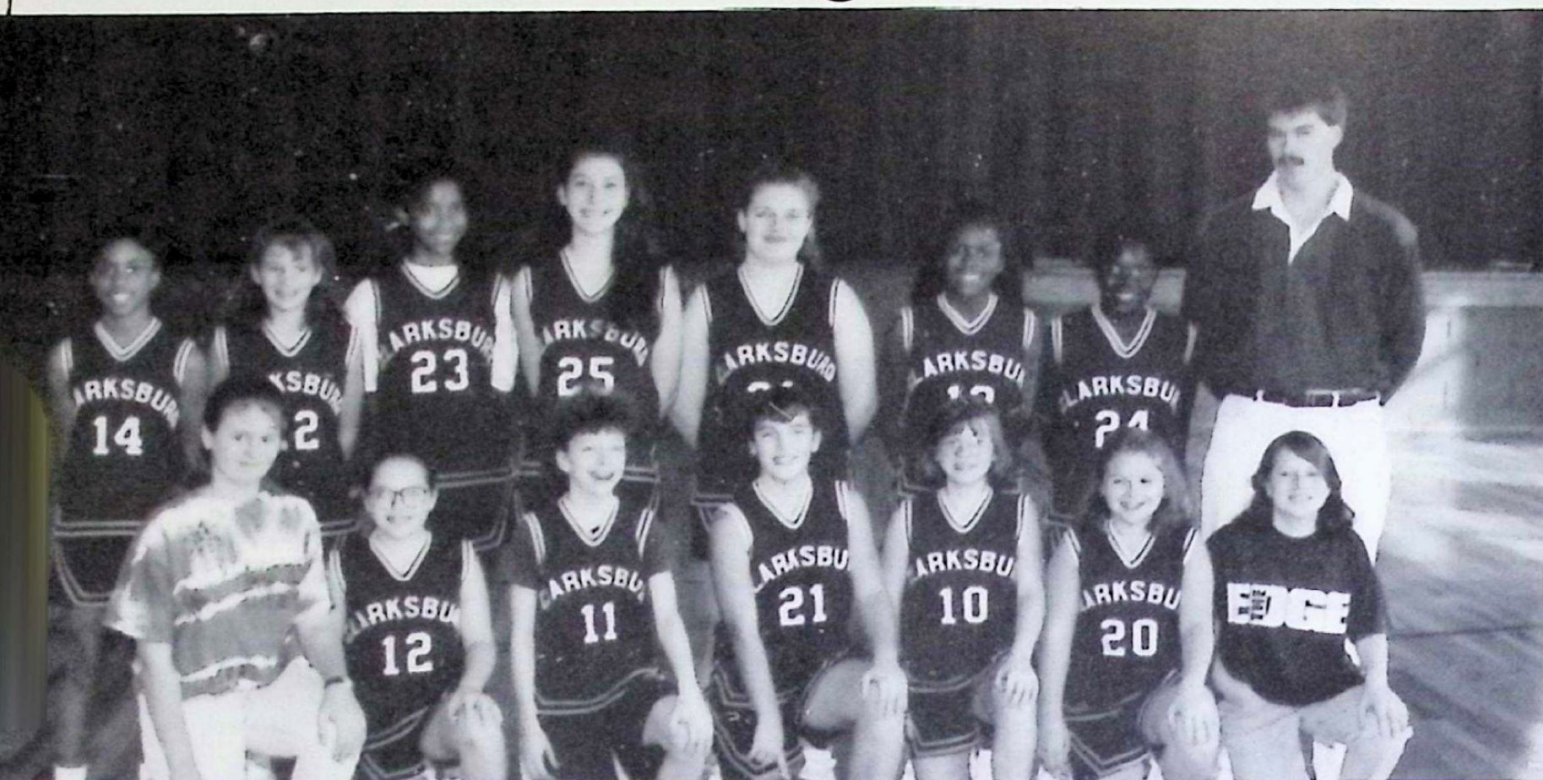

Five students from grades 9-12 made the team. They are pictured here (left to right): Jamie Peterson — Sophomore, Kelly Foster — Senior, Jason Brooks — Junior, Jeffery Vestal — Freshman, Ron Jordan — Sophomore, and Coach Gray.

As neither CHS or the Clarksburg Community has as yet developed a golf links, the team was allowed to practice and play at the newly constructed Spring Valley Golf Course in the nearby Dollar Community. "OUR PEOPLE MAKE THE DIFFERENCE"

In any manufacturing operation, it is a combination of machines and people that contributes to the success of that operation. Good equipment is a primary need. But, at Norandal, the philosophy is that "it's the people who make the difference".

The difference is the Norandal Huntingdon personnel produce some of the widest aluminum sheet and thinnest foil products to be found anywhere in the world.

The corporation headquarters is located in Brentwood, Tennessee. Norandal is part of Noranda Finance, which is a subsidiary of Noranda Inc. of Toronto, Canada.

SPECIAL

The girls pictured above were chosen for the All District 13-A Softball Team. they were given this honor by the coaches in the district. Congratulations girls! Pictured left to right: Holly, Melissa, Jamie, and Jennifer.

Ronald, left, and Jason, right, received the State Farmer Degree at the Tennessee State FFA Convention in Gatlinburg on April 26-28. This is the highest honor the State Association can bestow upon a member. These students had to meet various state requirements and fill out a lengthy application to receive this honor. Jason and Ronald were among 9 CHS student FFA members to attend this convention. CHS is proud of all of you!

The members of the Board of Education were honored by Superintendent Tucker at the school Awards Night held May 18th. Mrs. Tucker presented each member with a small token of appreciation. Pictured from left are members John Blount, Ronnie Breeden, Larry Kirby, and Steve Roberts. (not pictured — Randy Walker)
